Rise and Shine

## JOYRIDE

## SUPPORT YOUR MOBILITY WITH OUR **ULTRA-LIGHT WHEELCHAIR**

### ABOUT OUR PRODUCT

Experience unmatched freedom with the JoyRide – our lightest electric wheelchair ever, **weighing only 32 lbs**. Featuring a sleek magnesium alloy frame, two powerful brushless motors, and a quick-folding design, JoyRide combines portability, innovation, and performance. With two removable battery options, each providing a 10-mile range, you can choose between a single or dual battery setup for up to 20 miles of travel. Designed for convenience and adventure, the JoyRide redefines mobility for your everyday journeys!
